

Summary

Pilot Name

Schofield, Jim

Type of Check

Spitfire Emergencies Simulator Checklist

Aircraft / SIM Registration / Location (Ground School)

Overall Route

Goodwood Sim

Date of check

13/05/2025

Check carried out by

Parkinson, Neil

Comments

Check Items

Check		
M Mandatory Item	1st Att. Rpt	Comment
1	Ground Failures	Pass
M	1.1 Fire on start	P Discused engine fire and expectations of ground crew
M	1.2 High speed RTO	P Nice handled , good comms , good ATC
2	Airborne Failures	Pass
M	2.1 EFATO	P Well handled into field off end of Rwy 14 at Gwd
M	2.2 Engine fire	P Shut down drills into abandon
M	2.3 Forced Landing from Overhead	P Power load during display over thorny island , good drills , forces landing with lots of energy onto disused runway .
M	2.4 Partial Engine Failure leading to Forced Landing	P Popping engine failure , leading to power loss and Forced landing on x runway at GWd , good job .
M	2.5 Emergency 1	P Hyd pump fail , leading to use of new flow checklist , worked well . Chatted about go around and non use of gear :0
M	2.6 Emergency 2	P Flap fault , loved the wiggle of flap selector , 2nd cycle . Good decision making and thought of divert . But flapless landing worked well .
M	2.7 Abandonment	P Good comms , pax and ATC , jumped at 1500ft 100Kts , looks good .
3	Arrival , Landing	Pass
M	3.1 Arrival , Landing and Shutdown	P very nice

	Situational awareness	4 - Good	
Procedural	Adherence to procedures	4 - Good	

Examiner's Comments

Positive Comments A great sim from an experienced warbird pilot , very nice oto watch
Developmental Comments If blowing gear down following hyd failure , consider self briefing the the consequences of a possible go around with non standard actions
Summary Comments Very good sim , well flown , great knowledge and lots of spare capacity . very nice to watch
